

Club Newsletter - July 2020

Welcome back!

The National Motor Museum is excited to welcome back vehicle clubs from July 2020 following closure and visitation restrictions due to the COVID-19 pandemic. In line with Step 3 of the South Australian Government's 'Roadmap to Recovery', from Monday 29 June the National Motor Museum's maximum site occupancy has increased to 1000 people.

The Adelaide Hills region is home to some of the most spectacular driving roads in the country, and what better way to spend a sunny winter's day than behind the wheel or handlebars of your special vehicle on route to Birdwood? We all know it's more fun with friends, so why not make a day of it and organise your next club event at the National Motor Museum?

Thanks to the generous sponsorship of **Shannons - insurance for motoring enthusiasts** and the **Bay to Birdwood - one of the world's great historic motoring events**, all club-registered

vehicle gatherings and events, including all legally carried passengers, will be admitted free of charge to the National Motor Museum while participating in an organised club event.

How we are keeping you safe

Guided by expert health advice and in accordance with Australian State and Federal Government recommendations and requirements, we have developed a COVIDSafe Plan that is unique to the National Motor Museum. This plan is available to view on request and key initiatives include:

- Increased cleaning with special attention to frequent touch points.
- Development of recommended routes through the museum to assist with flow.
- Establishment of maximum visitor capacity for our galleries.
- Installation of numerous hygiene stations providing access to hand sanitiser.

How you can help us

- If you have cold or flu symptoms seek testing and stay home until you are well.
- Wash your hands often and make use of the hand sanitiser stations located throughout the museum.
- Observe social distancing and maximum gallery capacities at all times.
- Help keep your family and community safe by downloading the Australian Government COVIDSafe app.

An important update on the Bay to Birdwood

2020 has certainly been a challenging year for many of us. The most recent, and certainly the most challenging reason, has been the COVID-19 pandemic response. The signs are starting to appear that, in South Australia at least, we are returning to a new kind of 'business as unusual'.
